

## JC Vinyl Cutter Information

### JC-720E

NZ Sole Agent: Amazing Signs Ltd

#### Standard Features

- High precision of the long paper moving guaranteed by patented “steel-splinter” paper sending roller made with patent technology granted by CHINA
- High speed and precision assured by specially designed integrated circuit
- Fast off-line, low noise, consistent speed of line and curve, smoother curves
- Convenient adjustment of the cutter pressure and speed via one-key operation while working
- High performance and stability due to double CPU controlling and switching regulated power supply.

Technical Specification	
Model	JC-720E
Width of Platform	72cm
Width of Cutting	63cm
LCD Support	No
Force	10-500g
Speed	2-40cm/s
Memory	2M
Manner of Receiving	RS-232
Data	DM/PL
Format of Instruction	Double CPU
Driving	Stepper
Power Supply	220V or 110V/50Hz-60Hz 60W
Language	Chinese or English for H Series
Weight	15Kg
Size	101x36x36cm
